Option Selection

Below are the option blocks for the next academic year. Students are required to select one subject per block.

Students on the fast track Mathematics pathway need to select A2 Mathematics (Only) in Block A. They can then select three other subjects in Blocks B, C and D.

Students cannot select the same subject in two separate blocks.

Block A	Block B	Block C	Block D
A2 Mathematics Chemistry Business Studies Spanish Art PE Design technology Geography	English Mathematics Biology Business Studies Psychology History French Physics	Mathematics Chemistry Physics Design and Technology Music ICT Drama Psychology	Economics Biology Physics English Computer Science Geography Chemistry ICT

Please refer to the subject requirements letter before making your subject choices.

Add your subject choices for each block below:

Students required to study Arabic, Islamic Studies 1 and Islamic Studies 2 will take these subjects in addition to their subject choices throughout Year 12.

Return your Option Selection to your Form Tutor by 26 February 2025.

Block A	Block B	Block C	Block D

Please refer to specific criterion overleaf

2025-2026 Academic Year

Dear Parents

This letter includes important details regarding 6th form entry at Oryx International School. All offers for admission into Year 12 and agreement to study specific subjects at A level will be conditional and are based upon satisfactory I/GCSE (or equivalent) awards issued in August 2025.

Confirmation of general entry into Year 12 is subject to students' achieving a series of specific criterion. These are:

- A minimum of 5 I/GCSEs including Mathematics and English at Grade 5 or above
- A minimum of Grade 6 or above to study non-Science or Mathematics subjects (i.e. English, History, Geography, Design Technology, etc.) at A level
- A minimum of Grade 7 or above to study Chemistry, Physics, Biology or Mathematics at A level.

Parents of students who are not on track to achieve minimum entry requirements will be invited into school for a meeting with the Head of Secondary and the Head of Sixth Form.

Once I/GCSE results are confirmed in August 2025 there may be some recommended adaptation of courses to be followed due to an award being lower than expected.

In the event that any specific I/GCSE award does not meet the minimum threshold to study an A level course there will be reconsideration regarding the efficacy of following an A level course in that specific subject.

Careful consideration of subject choices should be made to ensure that students meet the requirements for further study at a higher level. The deadline for submission of course choices is 26 February. There will be a Year 11 Parent Teacher consultation on 14 April where parents, and students can discuss imminent I/GCSE examinations. Thereafter, official results will be released on 21 August.

It is a requirement of the MoEHE that all Arabic and Muslim students continue their study of Arabic and Islamic Studies until the end of Year 12. Arabic and Muslim students should choose 4 A levels on this form since provision is the same for all students.

In the event that I/GCSE awards do not meet thresholds mentioned above it may be that the student's course of study is either adapted or that the student is not recommended to follow a course of study involving A level at OIS.

To this end, all offers are conditional until I/GCSE outcomes are confirmed in August 2025 and individual consideration is given to each applicant to study A levels.

Yours sincerely

Imran Sidat

- -

I understand and agree to the stipulations outlined above with regard to minimum entry requirements, access to A level courses, entry to the 6th form (Y12) and specific subject thresholds.
